PROPOSAL

VISIT: NTC-DFW.ORG/TBEA

PURPOSE

Goal: Elevate the visibility, economic value, and legislative and community support for public education in Texas through data, storytelling, and coordinated advocacy.

Legislative & Policy Engagement

State and Federal Engagement

- Host policy roundtables with legislators, superintendents, business leaders, and workforce partners.
- Provide briefing packets with district-specific data showing impact on the district. Data provided by various superintendents.
- Share findings with statewide partners to amplify the message.

Business Engagement

- Create a Business Leader Toolkit with:
 - Executive summary of findings and goals.
 - Social media templates and talking points.
 - Sample messaging supporting public education investment.
 - Present findings at regional events as identified by the organization.

Community and Business Engagement

- Partner with Chambers, Economic Development Corporations, and civic groups to host education impact forums.
- Participate in appropriate events and community celebrations of education.
- Provide branded collateral such as brochures, infographics, and banners.

Multi-Channel Communications Campaign

- Social media: Branded campaign highlighting the 'Texas Public Education Advantage'.
- Earned Media: Op-Eds, Letters to the Editor, and feature stories.
- Events: Host launch events for the group and speak at regional conferences.

PARTNER LEVEL

\$20,000 Annual Investment

As a \$20,000 Partner, your organization will play a leading role in safeguarding and strengthening public education in Texas, ensuring a future-ready workforce and thriving communities.
